Where People in the City May Vote.

Tonight will be a busy one in local politics. W. R. Stubbs and the square deal candidates are going to put the finishing touches to their Shawnee county campaign by an automobile speaking tour through the city, while the friends of Cyrus Leland have arranged to hold a series of Leland meetings at various points in town.

The Leland crowd will travel in carriages and will be accompanied by Jackson's band in a bandwagon. The speakers and the band will assemble at Mr. Leland's office at 7:30 p. m. The first meeting will be held at 7:45 at Jordan's hall in Tennesseetown. C. A. Magaw and T. F. Doran will be the speakers. At 8:30 the second meeting will be held at Chiles' hall, Twelfth and Washington streets, where Otis Hunsate will do the talking. The Leland caravan will then go to North Topeka, and hold a meeting on Kansas avenue, and will follow this with meetings at First and Kansas avenue, Fourth and Kansas avenue, Sixth and Kansas avenue and Eighth and Kansas avenue.

This series of meetings is conducted solely in the interests of Leland. Geo. Hayden, J. M. Brown and H. L. Monroe will assist in the speaking. The Stubbs caravan will travel in sections, headed by the Lincoln post drum corps and a colored quartette. Stubbs will be in the first automobile, and will make a speech. He will be followed by Clad Hamilton, Robert Stone, and W. S. Bergundthal, the square deal candidates for the legislature in this county. In this way the caravan takes on some of the characteristics of a Bristow rally, as well as a rally for Stubbs.

The list of speeches will begin at 7:30, and will be as follows: Corner Sixteenth and Van Buren, corner Taylor and Huntoon, Fifteenth and Lane, Lowman Hill school house, county court house, corner Third and Monroe, Gordon and Kansas avenue, Oakland school house, old Parkdale school grounds, East Eighth street, near Kansas avenue.

The rival political aggregations are both scheduled to finish their tour at Eighth and Kansas avenue about 11 o'clock. There is thus afforded a splendid opportunity for a face-to-face contest between the two factions. Perhaps that much talked of joint debate between Stubbs and some representatives of Leland can be pulled off. Leland himself will not be in Topeka this evening.

Republicans Engross Attention.

From a local standpoint the interest in the Tuesday primary centers in the candidates for the Republican nomination for office. The Democrats have no contests with the exception of one office and that is sheriff. Ranging from the fight for the Republican nomination of county commissioner, second district, with eight wards, the Republicans can boast of a fight for almost every place on the ticket. Especially is the fight stirring about the offices of probate judge, county attorney, sheriff, county clerk, clerk of the third and second districts. The second district comprises the Second Third and Fourth wards and is the city district. The third district includes the Fifth and Sixth wards, but includes townships from the county as well. In this the contest is waged between James Shimer and E. M. Cockrell, residing in the city, and George K. Bunce, George Christman, Scott Kelsey, Fred Ludington, J. E. Matthews and Frank L. Holford, all of whom live outside of the city limits. A triangular struggle for representative from the thirty-seventh district is on with W. S. Bergundthal and J. J. King, asking for the Republican nomination against Mort Hucheson, who is the incumbent. W. S. Bergundthal was formerly mayor of Topeka. This is considered as an anti-machine and machine scrap. Standing solitary and alone without any contest whatever on his hands is A. W. Dana, for judge of the district court. Messrs. Hodgins, Medlicott and Thomas have no opposition on the Republican ticket.

The candidates who are holding office at the present time and ask for a return are: County clerk, S. G. Zimmerman; treasurer, Stanley Medlicott; register of deeds, S. J. Hodgins; county attorney, John J. Schenck; coroner, H. H. Keith; surveyor, John Branner; district judge, A. W. Dana; clerk of the district court, R. L. Thomas; county commissioner, Second district, W. E. Sterne; representative, Thirty-seventh district, Mort Hucheson; representative, Thirty-ninth district, Robert Stone.

Polls Open at 6 A. M. in City.

Polls open at 6 a. m. Tuesday and close at 6 p. m. except in cities of the first class, where the polls open at 6 a. m. and close at 6 p. m. This is under provision of Chapter 231, laws of 1903 which says:

"At all elections to which this act applies, the polls shall be opened at 6 o'clock in the morning and shall be closed at 6 o'clock in the evening; provided that in cities of the first class, the polls shall be opened at 6 o'clock in the morning and closed at 6 o'clock in the evening."

This provision of the laws of 1903 is specifically incorporated in the primary election law.

It is generally conceded that the returns will be late in coming in, very late. This is due to the length of the ticket, the newness of the law with which many are unacquainted as yet and which entails some slow grinding of the election machinery, the necessity in maintaining separate tally sheets which is different from the other primaries held in the city. All of this will work toward the late returns, the inability to secure complete and accurate returns until Wednesday following Tuesday's primary.

No Liquor to Be Sold.

You can't give away a drink for the purpose of influencing a vote unless you want to run point blank into a fine of from \$50 to \$100.

The new law, besides upsetting many other time honored customs, operate against the flask in a man's hip pocket and the fraternal keg party. All of which represents a hardship to the thirty who have habitually accepted

the invitation to "leaker" on election day.

John J. Schenck, county attorney, says of this feature:

"Paragraph 4, Section 26 of Chapter 64 of the Laws of 1903, provides: 'No spirituous, malt, vinous, or intoxicating liquors shall be sold or given away on the date of holding a primary election. Whoever violates the provisions of this subdivision 4 of this section, shall, upon conviction, be fined a sum not less than fifty nor more than one hundred dollars. It shall be the duty of the sheriff, coroner, constable and other peace officers of the county and city to see that the provisions of this section are strictly enforced.'"

"It will be observed that this law differs from the general law upon the subject relating to the sale of intoxicating liquors in that there is no provision making it legal to sell such intoxicating liquors for medical, scientific and mechanical purposes. This section of the statutes applies to registered pharmacists who hold permits from the probate judge to sell intoxicating liquors the same as to any one else, and under this law, it is unlawful for a registered pharmacist holding a permit from the probate judge of his county to sell or give away intoxicating liquors for medical, scientific or mechanical purposes on the date of holding a primary election, the same as any other person."

List of Candidates.

The contest for office is unique in

HEAVY BUYING.

Spurt in Prices of Grain Extends to New York.

New York, Aug. 3.—The largest public buying movement which has taken place in the local wheat market this season took place today, and the price jumped 2½ cents per bushel under heavy buying orders and the shorts participated in a frail effort to cover their contracts. The buying movement was started by some advices concerning the condition of the crops in the northwest. Denial of these reports caused reactions near the close of the market, although final prices were 2½ cents per bushel above the closing price on Saturday.
